HEALTH & SAFETY EXPERIENCE AND ONGOING ACHIEVEMENTS

YARD FOREMAN / HSEQ

Mar 88 – Present

Ferguson Seacabs, Bridge of Don, Aberdeen:

Responsible for ensuring all work is completed in a productive and safe environment. Prioritize and delegate work load to ensure contractual dead lines can be achieved. Ensuring compliance with management systems ISO 14001-2004 & OHSAS 18001-2007 – ISO 9001-2008.

- Recruited, inducted and trained personnel.
- Increased competence levels by developing training programs and supporting team members.
- Developed and delivered power point training on various hazards.
- Identified, investigated and reported non-conformance incidents.
- Introduced new technology and work processes that increased efficiencies and enhanced safety.
- Developed and maintained procedures and safe systems of work.
- Investigated and reported all “near miss” incidents and accidents.
- Completed safety inspections and monitored, reviewed and audited existing controls.
- Wrote service improvement reports that ensured continuous improvements.
- Ensured all plant and equipment inspection regimes are up-to-date and documented.
- Wrote and maintained a Fire File that includes a fire risk assessment and emergency procedures.

ONGOING HEALTH AND SAFETY ACHIEVEMENTS (CONTINUED)

- Controlled substances at purchase and suitability stage and completed COSHH assessments
- Formulated company procedures, method statements and working practices for associated practices such as scaffolding and working in confined spaces.
- Chaired "tool box talks" on the importance of PPE. Made sure all employees have full access to PPE.
- Advised and audited corporate Health and Safety systems including PPE and equipment documentation.
- Prepared and developed risk assessments and Health and Safety reports.
- Prepared company H&S manual.
- Checked compliance with the Display Screen Equipment (DSE) Regulations and created a Safe Working Practice, empowering fellow employees to monitor their own level of compliance.
- Formulated and prepared method statements and working practices for lone workers.
